HOUSING ASSISTANCE PAYMENTS PROGRAM

New Construction and Substantial Rehabilitation

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Office of Assistant Secretary for Housing Production and Mortgage Credit

[24 CFR Part 888]

[Docket No. R-76-311]

SECTION 8 HOUSING ASSISTANCE PAYMENTS PROGRAM—FAIR MARKET RENTS AND CONTRACT RENT AUTOMATIC ANNUAL ADJUSTMENT FACTORS

New Construction and Substantial Rehabilitation

The Department of Housing and Urban Development, on March 31, 1975, amended Title 24 of the Code of Federal Regulations by adding to Chapter VIII a new Part 888—Section 8 Housing Assistance Payments Program—Fair Market Rents and Contract Rent Automatic Annual Adjustment Factors.

Since March 31, 1975, additional comments and data have been received indicating continuing need to revise these rents in light of the most recent data available. This material submitted by interested members of the general public, as well as HUD Field Offices, has generally indicated a need to increase the published rents in order to meet specific local housing market conditions. Accordingly, several of the Fair Market Rent schedules have been updated since their publication on March 31, 1975, at 40 FR 14502.

The following Fair Market Rent schedules are proposed amendments to Schedule A of Part 888 of Title 24. They include schedules for all market areas, including some market areas for which no changes are proposed, in compliance with the requirement of Section 888.103, Manner of Publication, that "Schedule A and B Fair Market Rents will be published in the FEDERAL REGISTER at least annually."

These Fair Market Rents are based primarily on the levels of rentals paid for recently constructed dwelling units of modest design within each market area as determined by HUD Field Office staff. They are estimates of the rentals that prospective tenants who have incomes above 80 percent of the median income would be willing and able to pay for newly constructed living units of modest design. They may or may not represent rents needed to support production and operating costs, depending on the depth and strength of market demand within each market area.

Several HUD Field Offices submitted recommendations supported by market data that the Fair Market Rents for some market areas be reduced. Where substantial reductions have been proposed by HUD Field Offices that are well supported by market data and which are explicable by generally recognized changes in market conditions or demonstrable error in prior determinations of Fair Market Rents, reductions are proposed herein. Where reductions have been proposed by HUD Field Offices that are deemed to be of modest size and within the range of error that can reasonably be expected in determinations of Fair Market Rents, no reductions are proposed herein. The proposed Fair Market Rents have been limited so that no proposed increase exceeds 10% of the corresponding Fair Market Rent published in the FEDERAL REGISTER through September 8, 1975. The purpose of this limitation is to effect compliance with the requirement of the Independent Agencies Appropriation Act, Pub. L. 94-116, "That in fiscal year 1976 and the period ending September 30, 1976, the fair market rent basis of contracts approved pursuant to Section 8 of the above Act shall not exceed by more than 10 per centum in the aggregate, or 20 per centum in individual market areas, those published in the FEDERAL REGISTER through September 8, 1975."

Prior to making these Fair Market Rents effective, the Assistant Secretary for Housing Production and Mortgage Credit-FHA Commissioner has determined it to be reasonable and in the public interest to allow a 30 day period for comments.

Accordingly, interested parties are invited to submit written data, comments, suggestions or objections concerning the proposed revisions by March 27, 1976. All materials which persons wish to submit should be filed with the Rules Docket Clerk, Office of the General Counsel, Room 10245, Department of Housing and Urban Development, 451 7th Street SW., Washington, D.C. 20410.

(Sec. 7(d) Department of HUD Act (42 USC 3535(d)))

Issued at Washington, D.C., February 24, 1976.

DAVID S. COOK,
Assistant Secretary for Housing Production and Mortgage Credit-FHA Commissioner.

These Fair Market Rents have been trended ahead two years to allow time for processing and construction of proposed new construction and substantial rehabilitation rental projects.

NOTE.—The Fair Market Rents for (1) dwelling units designed for the elderly or handicapped are those for the appropriate size units, not to exceed 2-Bedroom, multiplied by 1.05 rounded to the next higher whole dollar, (2) congregate housing dwelling units are the same as for non-congregate units and (3) single room occupancy dwelling units are those for 0-Bedroom units of the same type.

In Section 888.101 the schedules are proposed to be amended as set forth below:
